SEA

Finishing option «SEA» - is a combination of freshness and lightness with pleasant memories of the vacation on the shores of the sea. The combination of the bleached oak finish and white furniture creates a romantic atmosphere. Sand shades in finishes of the living room walls and doors create a harmonious overall space for rest and relaxation. The classic style of furniture perfectly blends with delicate shades of textiles in the bedroom.

SAND

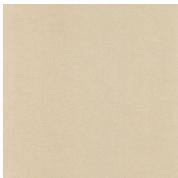

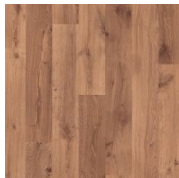

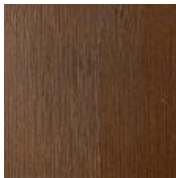

Natural shades of sand and natural oak colors transform any room into a quiet, versatile combination that is perfect for the classic furniture with modern touches. This finishing option is perfectly complemented, if you want to remain cozy and very homely. In finish, on the background of the warm sand shades, advantageously looks elegant white furniture.

FOREST

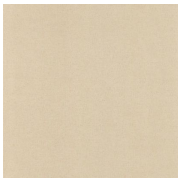

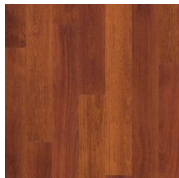

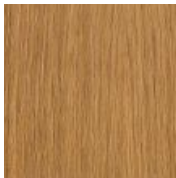

The primary focus of this type of finish is a noble walnut color floor and berry shades on the bathroom wall. On the background of the saturated natural walnut shade advantageously looks white classic furniture. The interior creates a holistic picture combined with textiles, which emphasizes the dignity of the selected colors.

AMBER

The amber-brown merbau color flooring compliments any interior. Rich, saturated color collects the space and is capable to enlarge it visually, and emphasizes the richness of any finish. The current door finishes are in oak with an amber hue. On the background of the deep amber color perfectly look the round furniture forms, curves, panels, forming an elegant interior.
